## Do you ever wonder what children are really learning at your church?

With behavior challenged children an increasing problem in the church, kids often find overwhelmed teachers and youth workers that unintentionally communicate, “You are a problem in my group.”

In this workshop you’ll learn how to interact with kids and equip others to communicate four grace-filled, powerful messages to their students. Lynne & Jim Jackson, parent educators, authors and founders of Connected Families, will teach a new “lens” and practical tools for communicating messages of grace and truth in the midst of classroom challenges.

FEATURING JIM AND  
LYNNE JACKSON OF

► RSVP as a church group by Monday morning, Oct. 5 to 612-721-4893 or [jessa@northwestconference.org](mailto:jessa@northwestconference.org)
